Demo Environment

Development Board: Jetson Orin, RDK X5, Raspberry Pi 5 series motherboard

Note: This model cannot run on Jetson Orin Nano 4GB, Raspberry Pi 5 2GB/4GB, or RDK X5 4GB versions due to performance limitations. **

1. Model Size

Model	Size
llava:7b	4.7GB

2. Performance

3. Using Llava

3.1 Running Llava

Use the `run` command to start running the model. If you haven't downloaded this model before, it will automatically pull the model from the Ollam model library:

```
ollama run llava:7b
```

```
swag:lan@ubuntu:~$ ollama run llama:7b
pulling manifest
pulling 170370233dd5: 100%
pulling 72d6f08a42f6: 100%
pulling 43070e2d4e53: 100%
pulling c43332387573: 100%
pulling ed11eda7790d: 100%
pulling 7c658f9561e5: 100%
verifying sha256 digest
writing manifest
success
>>> Send a message (/? for help)
```

3.2 Engaging in a Dialogue

How many minutes is half an hour?

The response time depends on your hardware configuration. Please be patient!

```
>>> How many minutes is half an hour?
Half an hour is 30 minutes.
>>> Send a message (/? for help)
```

3.3 Visual Functions

what do you see in this picture? ../test_pic.png
#Using ": + image path" in the dialogue allows the model to use its visual functions to interpret information from the image.

```
root@kali:~$ ollama run llava:7b
>>> What do you see in this picture? ./test_pic.png
Added image './test_pic.png'
In the image, there is a man sitting on what appears to be a rooftop
under a blue sky with some clouds. He has his head turned away from the
camera and seems to be looking at something or someone out of frame. The
man is wearing a tank top and shorts, and he is not wearing a shirt.
Behind him, there's another person standing up, also facing away from the
camera. Both individuals are on a rooftop with an open sky, suggesting a
warm, sunny day. There is no visible text or distinctive branding in this
image that I can discern.

>>> Send a message (/? for help)
```

3.4 Ending the Dialogue

Use the shortcut `Ctrl+d` or `/bye` to end the dialogue!

3.5 Chinese Dialogue

For those without a Chinese input method, please refer to the [Chinese input method switching tutorial](#).

Chinese Dialogue:

```
>>> 一个小时是多少分钟？请用中文回答我
一小时是60分钟。

>>> Send a message (/? for help)
```
